

## The 2<sup>nd</sup> International Symposium on Current and Future Radiation Research between INDIA and JAPAN

### *Program*

Date : February 5, 2009

Venue: Kalasalingam University, India.

#### Inaugural Function

10:00 – 11:00

Welcome address	<i>S. Selvasekarapandian</i>
Presidential Address	( Pro-Chancellor )
Inaugural Address	( Chief Guest )
Felicitation	( Vice-Chancellor )
Vote of Thanks	<i>S. Asath Bhadur</i>

#### Technical Session I

11:15 – 11:45

Radiation Protection: Principles and Practices

*V. Meenakshisundaram*, Head, Radiological Safety Section, Indira Gandhi Center for Atomic Research, Kalpakkam, India

11:45 – 12:15

Introduction of Research Activities and Projects within a Framework of International Radiation Health Sciences Research

*Noboru Takamura*, Nagasaki University, Nagasaki, Japan

12:15 – 12:45

Nuclear Energy Radiation and Environment

*M.P. Rajan*, officer – in charge, Kudankulam Nuclear Power Plant, Kudankulam, India

## Technical Session II

13:45 – 14:15

Epidemiological Study in High Natural Background Radiation (Rn) Exposed Area

*Akihiko Suyama*, Radiation Effect Research Foundation, Nagasaki, Japan

14:15 – 14:45

Radiation Health Risk: basics and recent topics in radiation biology

*Naoki Matsuda*, Nagasaki University, Nagasaki, Japan

15:00 – 15:30

Biomarkers of Radiation Exposures

*P. Venkatachalam*, Medical Physicist, Chennai, India

15:30 – 16:00

Radiation in Medical Applications

*K. Thayalan*, Professor of Medical Physics, Anna University, Chennai, India

## Concluding Session

16:00 – 16:15

Concluding remarks     *S. Selvasekarapandian*

Vote of thanks         *S. Asath Bhadur*
